BHARATH KUMAR

ASPIRING FULL STACK DEVELOPER

PROFESSIONAL SUMMARY

Aspiring Full Stack Developer with a strong foundation in backend technologies like Node.js and Express.js, along with intermediate proficiency in Python and Java. Currently expanding expertise in frontend technologies like React and enhancing UI design skills. Passionate about building efficient, scalable APIs and creating visually appealing, user-friendly interfaces. Eager to contribute technical and design expertise in a collaborative and dynamic environment.

EXPERIENCE

INTERN

AZURE SOFT TECH SOLUTIONS - MADURAI
JUNE 2023 - JULY 2023

- Developed a static website for a bakery using HTML, CSS, and JavaScript.
- Designed a responsive layout to ensure a seamless experience across various devices.
- Created a product catalog with detailed descriptions and images of bakery offerings.
- Enhanced visual appeal with basic CSS animations and transitions.

PROJECT

STUDENT MANAGEMENT SYSTEM (IN PROGRESS)

- Developed a restful API for managing student records using node.js and express.js.
- Implemented crud operations for data storage and retrieval in MongoDB.
- Applied JWT for secure user authentication and authorization.
